

Vampire

A song from the book series Vampirita

Vampire, vampire, vampire
Whatcha gonna do if I walk by your street at night?
And whatcha gonna do if I flap my wings out your window
Watcha gonna do if I flash my fangs in the dark?

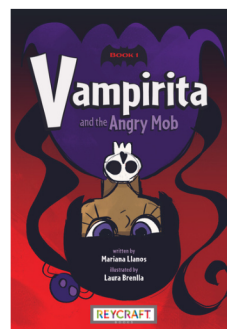

Will you scream and shout
Jump up and down
Fall back on your bed?
Will you wet your pants
Squeak like a mouse
Call your mom and dad for help?

And if you feel a breeze... there's nothing there. (Stop)
Hey, that's me.

Vampire vampire vampire
That's me
Vampire vampire vampire
Soy yo
Vampire vampire

Vampirita! Stop scaring the neighbors!

Fried murcielagos, can't do anything fun!
